College of Radiologists, Singapore

ON BEHALF OF ASAR, I AM DELIGHTED TO WELCOME YOU TO ACAR VIRTUAL CONGRESS 2021.

With the development of medical imaging diagnosis and image-guided therapy, cutting-edge theories and technologies are able to flourish.

To further promote imaging diagnostics, transformational medicine, and therapeutic technology for abdominal diseases in Asia and strengthen the academic exchanges among experts and scholars in this field, ASAR has built a high-level academic exchange platform, driving the development of abdominal imaging in Asia.

It is a great pleasure for me to have the opportunity to hold the 8th Asian Congress of Abdominal Radiology (ACAR) virtually on August 14-15, 2021.

It aims to advance clinical education and scientific research in abdominal radiology and strengthen the academic exchanges among radiology experts from various countries or regions in Asia. In addition, the experts from ESGAR, ESUR and SAR have been invited to conduct virtual lectures.

The agenda includes keynote speeches, video on-demand exclusive lectures and prostate MRI workshop which will all take place online in accordance with Covid-19 restrictions. I believe that every participant will find topics he or she is interested in and benefit from this banquet of knowledge.

We look forward to being able to meet you all virtually this August.

Dr Chang Hong Liang

President of the Asian Society of Abdominal Radiology

DEAR FRIENDS & COLLEAGUES OF THE ASIAN SOCIETY OF ABDOMINAL RADIOLOGY,

I am pleased to invite you to our Virtual Congress, taking place between 14th to 15th August 2021. Due to Covid-19 restrictions on travel, the Asian Congress of Abdominal Radiology 2021 will be entirely virtual.

While we will not be able to gather in person, we are lucky enough to be in an age where technology allows us to still come together to connect and confer. We are proud to announce some of our programme highlights, workshops, and featured international speakers. We look forward to seeing you then!

Dr Teoh Wey Chyi

Congress President ACAR 2021

PROSTATE MRI WORKSHOP

PRE-CONGRESS WORKSHOP: 12TH AUGUST 2021

WHO SHOULD ATTEND:

- Radiologists With Interest In Prostate Cancer Imaging
- Residents and Trainees
- Abdominal Imaging Fellows

ABOUT THE WORKSHOP:

This virtual prostate workshop aims to introduce participants to the basics of prostate MRI. Participants will be exposed to a variety of cases which will increase their confidence in the interpretation of prostate MRI.

Participants will have hands-on review of cases on state-of-the-art integrated imaging software. They will be able to access the cases virtually, review the cases independently, at their own pace, from their own device.

PROSTATE WORKSHOP TOPICS

- ▶ Multiparametric MRI And PIRADS v 2.1
- ▶ MRI-Guided Prostate Biopsy
- ▶ Technical Run-Through / Demonstration
- ▶ Case-Based Review Hands-On #1
- ▶ Pitfalls In Prostate MRI
- ▶ Case-Based Review Hands-On #2

ABSTRACT COMPETITION

ABSTRACT SUBMISSION IS NOW OPEN

SUBMIT YOUR ABSTRACTS BY: 30 JUNE 2021

The scientific committee of ACAR & SGCR WIRES 2021 welcomes authors to submit scientific abstracts in the following areas of interest:

- Gastrointestinal Radiology
- Genitourinary Radiology
- Gynaecological Radiology
- Hepatobiliary and Pancreatic Radiology

COMPETITION PRIZES

- Best ACAR Oral: SGD\$800
- Runner up ACAR Oral: SGD\$400
- Best ACAR Scientific Poster: SGD\$500
- ACAR Merit Posters: 3 Awards | SGD\$120 each

The presenting author of accepted abstracts must register to attend SGCR WIRES 2021 Main Congress and will enjoy free registration.
